The best diligent

PTO-1652 (0/99)

document is not patent application, nor will its receipt date in any way become the effective filing date of the later by be relied upon only as evidence of conception of an invention and a patent application should be diligently filed

years after the date it was received by the Patent and Trademark Office (PTO) and will be destroyed thereafter filed within the two-year period. The Disclosure Documents may be referred to by way of a letter of transmittal in a pending application. Unless it is desired to have the PTO retain the Disclosure Document beyond the two-year period, the document should be filed with the PTO as soon as possible.

It is to be a "grace period" during which the inventor can wait to file his/her patent application without possible of priority of invention an affidavit or testimony referring to a Disclosure Document must usually also establish the inventor's right to file a patent application since the filing of the disclosure document.

It is to be noted what is considered to be "diligence in completing the Invention" of "reduction to practice" under the patent law or if you have other rights in the invention.
